

Web Outsourcing **Dimnet is a full service web design company providing web solutions for companies or individuals interested in outsourcing their web design and development needs. Based in Buenos Aires, Argentina and established in 2001, we specialize in providing offshore and local web-based solutions for small to large enterprises as well as other web design companies.** We understand successful companies need to focus on their core activities rather than identifying website requirements or spending numerous hours in programming and development works. We are happy to take those tedious responsibilities out of your hands so you can focus on what is really important for your business. We have worked with clients from all around the world, including Latin America, Europe and the United States. We will work with you on any of your online needs and help you bring your business to another level.
